INTERNSHIPS

INTERN AT HASHTEK SOLUTIONS

Jun 2024 - Jul 2024

- Completed Summer Internship 1 at Hashtek Solutions, focusing on AWS Cloud services. Gained hands-on experience in deploying, managing, and optimizing cloud infrastructure solutions.

INTERN AT PRODIGY INFOTECH

Aug 2024- Aug 2024

- Completed a virtual internship at Prodigy Infotech, gaining hands-on experience in web development through building interactive applications using HTML, CSS, and JavaScript. Developed projects including a weather app, Tic Tac Toe game, and stopwatch web app, enhancing front-end skills.

PROJECTS

RECIPE FINDER

It is a web-based Online Recipe Finder Website in which we can easily find out the Recipe with our available ingredients. The frontend is designed using basic HTML, CSS and JavaScript. By this project we can also find the variety of Dishes

HAND GESTURE

This is a ML based which recognizes our hand gestures and and tells the sign of that gesture. This have been done by using Mediapipe and Opencv

VIRTUAL PAINTER

Developed a Virtual Painter application using OpenCV and Mediapipe to enable real-time hand gesture recognition for drawing on a digital canvas. The project leverages computer vision and AI techniques to track hand movements and create an interactive painting experience.

CERTIFICATE

Research paper publication certificate-IJRPR Journal

Certification in web development internship-Prodigy infotech

Certification in AWS internship -Hashtek solutions

Data analytics basics for everyone-EDX

Certificate of participation in CODE-EL event-
Stepcone national event

EXTRA-CURRICULAR ACTIVITIES

- participated in stepcone national's code-el event
